

III. REMARKS

1. Claim 1 is amended. Claims 7 and 8 are new. Claims 1-8 are pending in this Application.

2. The drawings are objected to for failing to show every features of the invention specified in the claims. The Examiner notes that "the lateral walls do not appear to have an opening at the hollows, rather the walls end as they reach the hollows". Applicant submits that the openings are shown in the drawings as originally filed in Figures 3 and 4 as reference numbers 32A and 30A respectively. Reference number 32A is located in Figure 3 between reference numbers 28 and 32C in the opening between the front wall 28 and the lateral wall 32. Reference number 30A is located between lateral wall 30 and the front wall 28. These openings 30A, 32A are disclosed in the specification at page 4, lines 8-16. However, the drawings are amended to clarify the location of the openings 32A and 30A. Replacement drawing sheets are being submitted herewith. No new matter has been added.

3. Claim 1 is amended to overcome the rejection under 35 U.S.C. 112, second paragraph.

For all of the foregoing reasons, it is respectfully submitted that all of the claims now present in the application are clearly novel and patentable over the prior art of record, and are in proper form for allowance. Accordingly, favorable reconsideration and allowance is respectfully requested. Should any unresolved issues remain, the Examiner is invited to call Applicants' attorney at the telephone number indicated below.
